Letter of Recommendation for Ms. Mansi Aswani

Ms. Mansi Aswani, a student of first year B. Tech. (Enrollment No. 180111) at School of Engineering & Technology at Mody University, Lakshmanagarh (Sikar) is known to me personally. I have taught her a course namely "Energy sources and sustainable development" in the spring semester 2019. On basis of my discussion with her on various topics in class, I found her very clear headed in thinking and enthusiastic about her mission.

Ms. Mansi is hardworking, intelligent and meticulous. She has analytical mind and always handles her assignments well. She is very good in academics and have working knowledge of computer programming. She has special aptitude for higher studies. She is highly dedicated to her work.

Ms. Mansi is fluent in English and presents her ideas clearly. She is cooperative and can form good personal relationship with other members of team. I strongly recommend her for higher academic studies. I am confident that she will add a lot of quality wherever she studies.

I wish her excellent future ahead.
